

Sandpipers Beach Camp Emergency Care Plan

Child's Name _____ . DOB: _____

PEANUTS, TREE NUTS, EGGS, MILK

- Our staff will take all precautions to keep all children with food allergies safe.
- All medication needed to treat this child's allergic reaction will be kept on site.
- All children with food allergies will have a health care plan given to us by the parent with the parent and doctor's signature.
- Our staff members will know the signs and symptoms of the allergic reactions.
- Our staff members listed below will be trained in epi-pen and inhalants.

SIGNS OF ALLERGIC REACTION

PEANUTS, TREE NUTS, EGGS

Wheezing
Trouble breathing
Coughing
Hoarseness
Throat tightness
Stomachache
Vomiting

Diarrhea
Itchy, watery or
swollen eyes
Hives
Red spots
Swelling
A drop in blood pressure

MILK

Immediately after consuming milk, signs and symptoms of a milk allergy may include:
Hives
Wheezing
Vomiting

IF WE SEE ANY OF THE ABOVE SYMPTOMS, WE WILL FOLLOW THE CHILD'S ACTION PLAN GIVEN TO US BY THE PARENTS. IF SYMPTOMS DO NOT IMPROVE QUICKLY, 911 WILL BE CALLED.

Have you ever seen your child have an allergic reaction? YES/NO; if yes, what are his/her symptoms?
